

ABOUT US

Visions Photography Inc. has been in business in Schaumburg for over 25 years. We are local company that employs local people. Visions is well embedded in the local community. We are the official photographer for many of the local businesses along with the Schaumburg Boomers Baseball team, the Schaumburg Fire Department, and Mayor Larson and the elected officials. This community has been supportive of us and we enjoy giving back. There are two divisions of Visions. Our first location is our full-service, by appointment only, photography studio, and our second is our on location division. We provide any and all types of photography. Visions Photography strives to personalize your portrait. This can only be achieved through the combined efforts of the studio and the customer. Therefore, we encourage the customer to bring pets or personal items that reflect their hobbies or interests. Such items might include: a musical instrument, sporting equipment, or professional attire.
